MODULAR FLEXIBILITY

*Discover more*

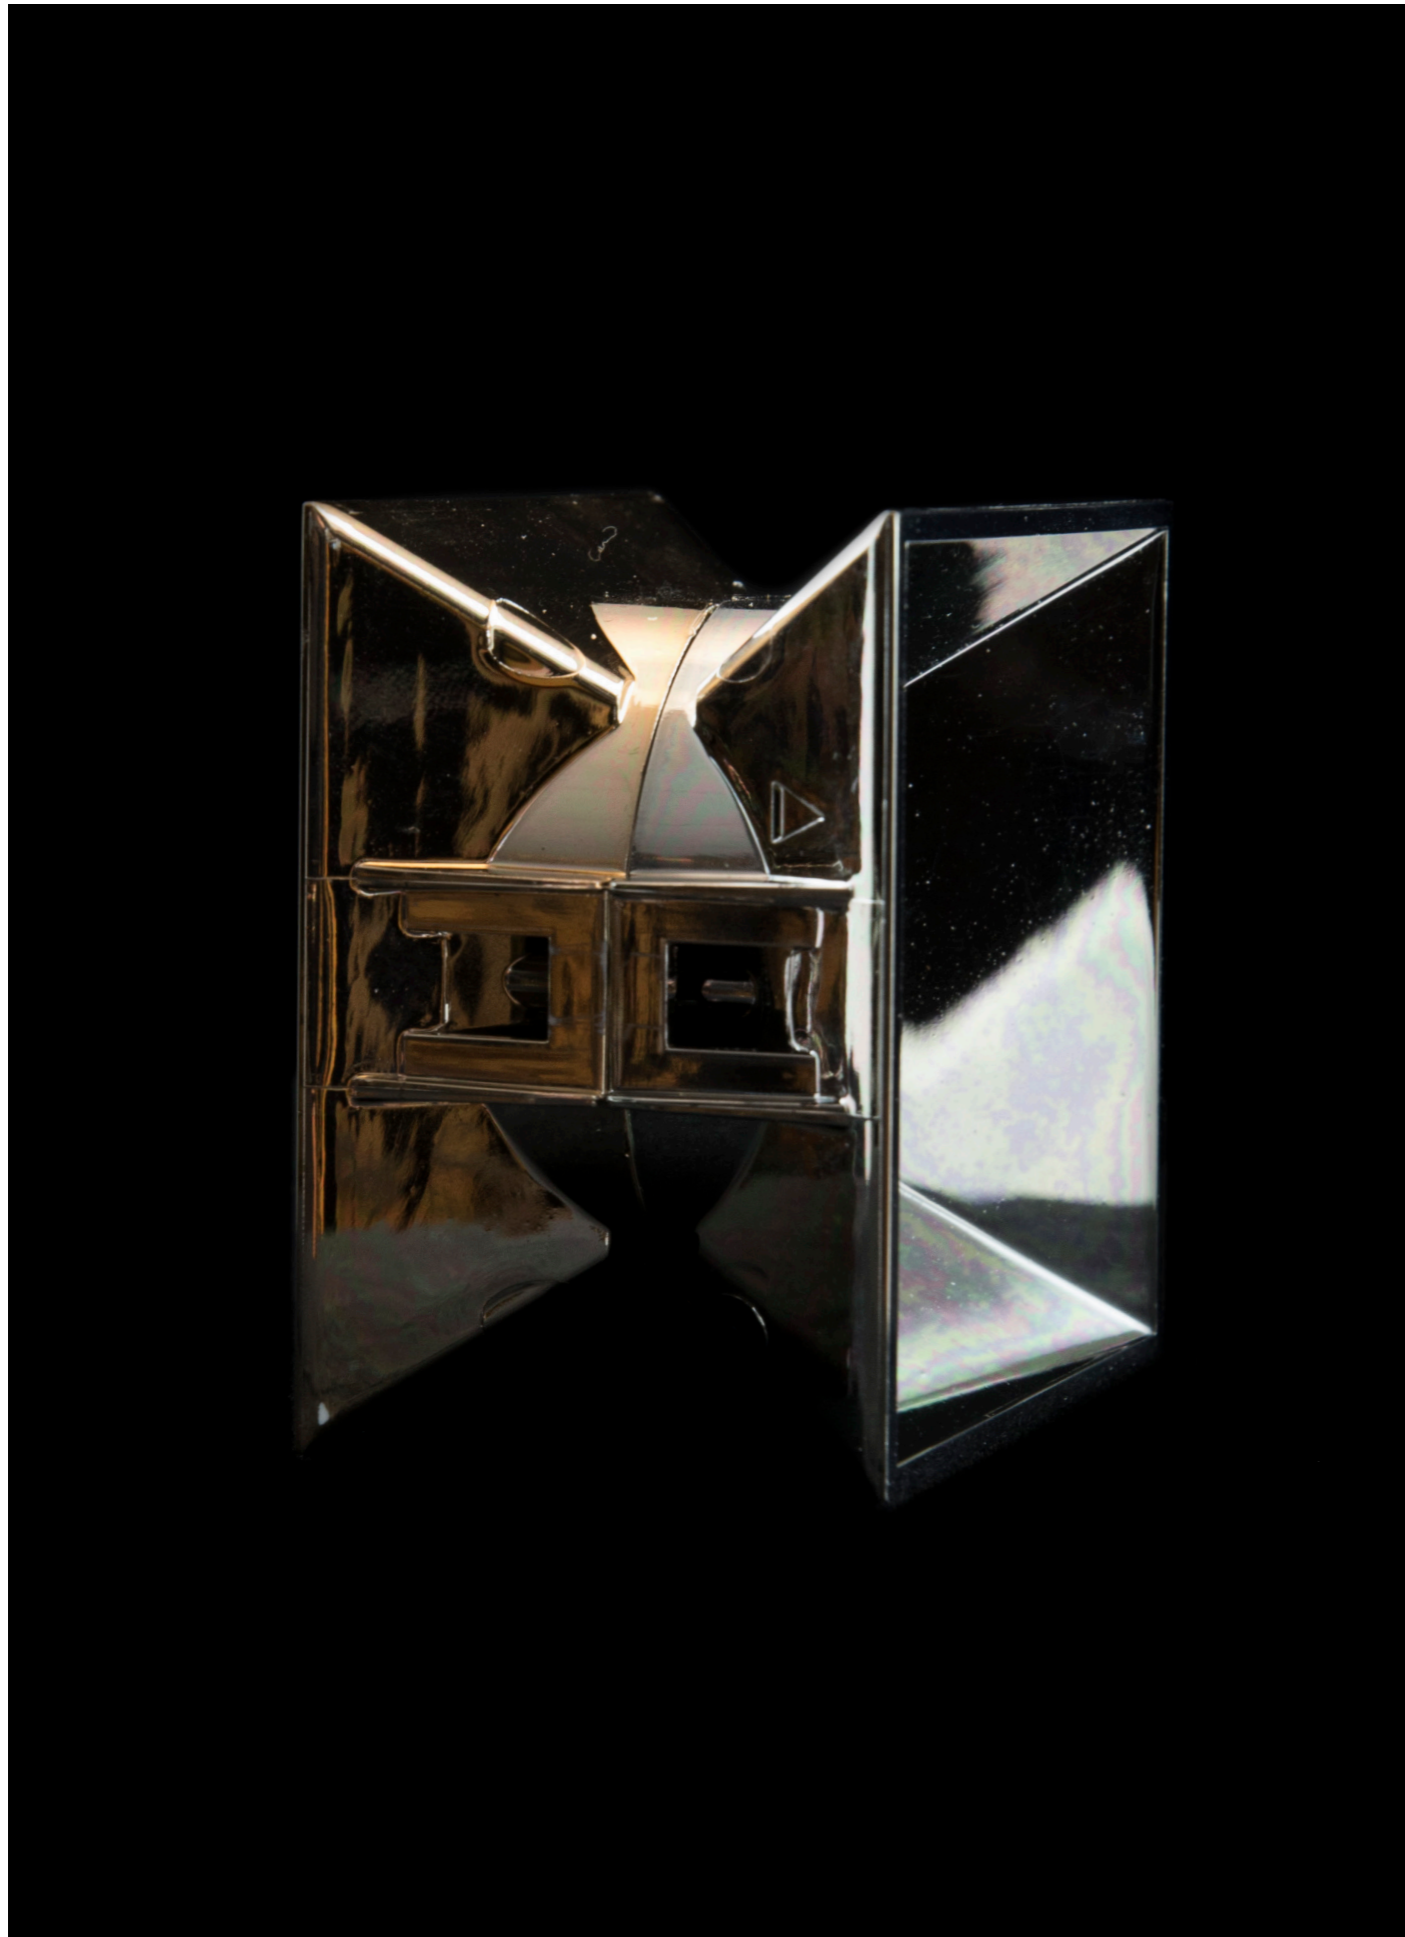

Create a truly unique lighting experience with our extensive range of inset options, including the sleek and modern wall washer model. Our customizable options allow you to change insets and lighting direction even after installation, so you can achieve the perfect atmosphere and light image for your space.

The modularity of the Versa series makes for versatile application. Various shapes and sizes combined with a broad color palette create unity in the interior.

The series enables you to create ambiance in a flexible way; the assembly is also characterized by convenience. Even after assembly, the system allows you to easily change the atmosphere.
